

Storm Water Discharge Point of Sale  
Compliance Program  
(Revised)

The Cokato City Council has approved the “Point of Sale” compliance program. The program will include the choice of four (4) companies:

AR Engh Drain Clearing (320) 286-2020  
Genie Drain Cleaning (320) 587-4110  
Drain Pros (866) 525-7767  
A & T Septic Services (320) 221-1800

All companies can provide competitive inspection services to verify that storm water is not discharged into the sanitary sewer system. Sewer lines, sump pumps, foundation and/or roof drains will be evaluated with recommended repairs for program compliance. These companies can also provide repair services after the initial inspection.

During the winter months, if repairs are not possible, an escrow account must be established at closing. Later, when weather conditions allow corrective work can proceed to bring property in to compliance. In closing, the Point of Sale program applies to all real estate transactions after December 31<sup>st</sup>, 2011.

If you have further questions regarding the Point of Sale compliance program and/or wish to see a complete copy of the ordinance, please contact the city offices at 320-286-5505.

Sincerely,

Don Levens  
City Administrator
